

Jivaka™

Based on Ancient Herbal Medicine

Nature is a Medicine

For thousands of years physicians all over the world have acknowledged the special powers of herbs, plants and fruits for our health.

It's only in the past decades that the use of these natural products are being rediscovered. And with amazing results for those who are interested in maintaining a healthy and strong body.

Years of research and cultural studies in magical Thailand have led to the creation of a unique blend of ancient herbs and fruits to support the elementary balance in your body. It's called **JIVAKA**

JIVAKA helps you to maintain a good immune system* as well as your vital body functions*.

* See EU-disclaimer on the back of this leaflet.

Based on ancient medicine

Product from Thailand

JIVAKA, Buddha's personal physician

Our secret blend originates from studies we have done on many ancient recipes. Finding amazing formulas that go back for thousands of years.

JIVAKA, also known as the King of Medicine, was the personal physician of the first Buddha. He has been a great inspiration for our research. To honour his priceless work we decided to name our product after him.

The Power of Optimal Health

In Asian Traditional Medicine, the human body is seen to be composed of four fundamental elements: Earth, Water, Wind/Air and Fire.

Substances in the body that are solid have the qualities of the Earth element. Substances that are liquid are of the Water element. Movement is the quality of the Wind/Air element. And Heat is the quality of the Fire element.

In Asian countries maintaining the balance of these fundamental elements within the body is seen as key to maintain an optimal health.

The Benefits of Balance**

In Asian countries people believe that when the four fundamental elements of the body are in balance, your whole system functions better because of optimal:

- Oxygen flow**
Important for cleaner and healthier blood, better breathing and more energy.
- Blood plasma**
Supports the protection against all viruses and bacteria that can make you weak or sick.
- Blood function**
For a better distribution of vital nutrients and increased removal of fat, carbon dioxide and toxins.
- Elasticity of body tissues**
To reduce friction between bones and decrease inflammation.
- Nutrition of brain and vital organs**
For better organ function and to support healthy blood pressure levels.
- Overall benefits**
By nourishing the whole system, it is believed that the body functions more efficiently, your aging process slows down and longevity increases.

** Benefits only established in countries outside the EU. In the EU these claims can only be made after approval by EFSA (European Food Safety Authority). Please see our EU-disclaimer on the back of this leaflet for more information.

Jivaka™

Based on Ancient Herbal Medicine

Unique Blend of Ingredients

JIVAKA'S synergistic formulation is a unique blend of the following herb and fruit powders:

Plu Kaow

Ginger
(Zingiber Officinale)

Ginseng
(Panax Ginseng)

Lemongrass
(Cymbopogon Citratus)

Indian Gooseberry
(Phyllanthus Emblica)

Turmeric
(Curcuma longa)

Lime
(Citrus Aurantiifolia)

The Creation of JIVAKA

Creator of JIVAKA is Natkanda Chotpithanapat. She is the founder and CEO of a Thailand based company (2003) that specializes in 100% organic fertilizers for the agricultural sector as well as high end food supplements for consumers.

For years now her company is recognized as an international expert on organic products for food and health that are sold throughout the world.

Natkanda worked closely together with a team of scientists that created the amazing JIVAKA. It's the top product from their popular health food product line and now available in the EU via **ORGACORP**.

Natkanda Chotpithanapat

EU and International Disclaimer

In the EU, claims for herbal preparations are subject to EFSA regulations to protect consumers. From the JIVAKA ingredients only Ginger and Ginseng are registered at EFSA. For these ingredients the next claims in EU are allowed, based on the following disclaimer: *'The admission procedure for these health claims is still ongoing'*

Ginger (zingiber officinale)

- For flexible joints.
- Cell protecting (anti-inflammatory)
